

## FACULTY CREDIT

| <b>Presentation Time</b> | <b>Credit Allocation</b> | <b>Earned Credit*</b> |
|--------------------------|--------------------------|-----------------------|
| If You Presented For...  | Multiply by 3            | You Will Receive...   |
| 25 - 49 min. = .5        | .5 X 3 =                 | 1.5 credits           |
| 50 - 74 min. = 1.0       | 1.0 X 3 =                | 3.0 credits           |
| 75 - 99 min. = 1.5       | 1.5 X 3 =                | 4.5 credits           |
| 100 - 124 min. = 2.0     | 2.0 X 3 =                | 6.0 credits           |
| 125 - 149 min. = 2.5     | 2.5 X 3 =                | 7.5 credits           |
| 150 - 174 min. = 3.0     | 3.0 X 3 =                | 9.0 credits           |

\* Subtract the Presentation Time Column Decimal Number from total program credits (only if you attended the whole program) then add the earned Credit Column number for your total.

### Example Individual Speaker:

1. If a program was advertised as a 6 credit hour program (using the 50 minute hour) and you presented for 50 minutes, you would subtract the 50 minute hour (50 min. = 1.0 credits) from the 6 credit hours which would leave 5 credit hours.
2. Then add the Earned Credit Column number for 50 minute presentation time. Sum total 5 credits + 3 credits = 8 credits.

### Example Panel Member:

1. If you are a member of a panel discussion where all members contribute equally, the amount of presentation time would be equal for each member. A 150 min. or 3.0 hour program that included a 1.5 credit hour panel discussion would be calculated this way.
2. Each panel member would receive  $1.5 \times 3 = 4.5$  credits for actual presentation time. The initial 1.5 would be subtracted from the total number of credit hours (3.0) to equal 1.5 credits (if panel member attended the full program). The total would be  $1.5 \times 3 = 4.5$  for panel discussion + 1.5 credits for the remainder of the program to = 6.0 credits.

**If you have any questions regarding these calculations, please contact Louise Spinelli or Galina Nazarenko at 585.546.1817.**
