

The Monroe County Bar Association Presents:

THE ONLINE LAWYER REFERRAL SERVICE

Exciting Upgrades to Your Membership

The Monroe County Bar Association has launched a new online referral platform that will improve your membership experience, and better connect potential clients with LRS attorneys.

We have partnered with Community.Lawyer, P.B.C. to bring you this new platform, which will attract additional clients who are seeking new ways to connect with lawyers.

What Does This Mean For You?

- LRS attorneys have an online profile that includes your picture, biographical information, bar admissions, and the geographical areas you serve.
- There are now enhanced reporting features. You can see more detail about each referral's history and status, as well as send and receive notes about the referrals to and from LRS staff. NOTE: All existing and open referrals have been transferred to the online platform.
- Clients will be asked to contact the referred attorney. You can view the client's preferences when you log into your account after receiving an email notification that a client was referred to you.
- You now receive email reminders when a matter is due to be reported on, and are able to pay referral fees online to the MCBA. You are also capable of collecting client feedback through online surveys to help improve our service.
